PRODUCT LIST

Use this list of Products and their associated Part Numbers to complete the Enterprise License Order Form

DESKTOP GIS

ArcGIS Concurrent Licenses: *ArcGIS Concurrent licenses require a license manager which can operate on a single server and serve multiple seats in a heterogeneous network. Ideally, the license manager is installed on a network server or can operate on one PC, serving itself and other seats. The MAC address and host name of that server will be required when ordering this type of license.*

Part #	Product Description (descriptions of these products can be found at www.esri.com/products)

PKG 1   ArcGIS ArcInfo Concurrent License with Extensions
Extensions: 3D Analyst, Spatial Analyst, Geostatistical Analyst, Publisher, Schematics, Network Analyst, ArcScan, Maplex

PKG 3   ArcGIS ArcView Concurrent License with Extensions
Extensions: 3D Analyst, Spatial Analyst, Geostatistical Analyst, Publisher, Schematics, ArcScan, Network Analyst

Additional Extensions available for ArcInfo ONLY (PKG 1)

APL002   PLTS Defense Solution Concurrent Use License
APL007   PLTS Mapping Agency Solution Concurrent Use License
APL011   PLTS Nautical Solution Concurrent Use License
APL013   PLTS Aeronautical Solution Concurrent Use License
APL020   PLTS GIS Data ReViewer for ArcGIS Concurrent Use License
APL026   PLTS Job Tracking for ArcGIS (JTX) Concurrent Use License
APL028   PLTS Map Production System Atlas Concurrent Use License
APL051   PLTS Foundation for ArcGIS Concurrent Use License
Includes GIS Data Reviewer, Map Production System Atlas, and Job Tracking

ArcGIS Single Use Licenses: *Single-Use licenses do not use a license manager program.   Installation requires a registration authorization code, which will be provided with your shipment.*

Part #	Product Description (descriptions of these products can be found at www.esri.com/products)

PKG 4   ArcGIS ArcView Single Use License with Extensions
Extensions: 3D Analyst, Spatial Analyst, Geostatistical Analyst, Publisher, Maplex, Schematics, ArcScan

PKG 5   ArcGIS ArcEditor Single Use License with Extensions
Extensions: 3D Analyst, Spatial Analyst, Geostatistical Analyst, Publisher, Maplex, Schematics, ArcScan, Network Analyst, TIFFLZW compression tool

DEVELOPER GIS

Note: Configuration Management approval is required for BIA requests for development software

Part #	Product Description (descriptions of these products can be found at www.esri.com/products)
GIS1605	ArcGIS Engine Developer Kit
GIS1615	ArcGIS Engine Additional Developer Kit
GIS1620	ArcGIS Engine Standard Runtime License
GIS 1630	ArcGIS Engine Runtime 3D Option License
GIS 1631	ArcGIS Engine Runtime Spatial Extension License
GIS 1632	ArcGIS Engine Runtime Geodatabase Update Extension License
GIS 1650	ArcGIS Engine Runtime Network Extension

DEVELOPER TECHNOLOGY

SCH1200	ArcGIS Schematics SDK Development Kit with 50 Deployment Licenses
SCH1205	ArcGIS Schematics SDK Additional Developer Licenses
SCH1210	ArcGIS Schematics SDK Development Licenses - 25 Pack
SCH1215	ArcGIS Schematics SDK Development Kit with 500 Deployment Licenses

MOL043	MapObjects Java Edition Stand-Alone Developer Kit Includes MapObjects & 50 Stand-Alone Deployments
MOL045	MapObjects Java Edition Stand-Alone Additional Developer Licenses
MOL046	MapObjects Java Edition Stand-Alone Additional Deployments – 25 Pack
MOL050	MapObjects LT License, Media, and Documentation
MOL101	MapObjects Java Edition Internet Development Kit Includes 2 MapObject Java Developer Licenses & 1 Deployment License
MOL110	MapObjects Java Edition Server/2 CPU Deployment Licenses for 1 Add'l WebServer
MOL111	MapObjects Java Edition Additional CPU Deployment License
MOL043	MapObjects Java Edition Stand-Alone

MOL003	MapObjects Windows Edition Stand-Alone Developer Kit Includes MapObjects & 50 Stand-Alone Deployment Licenses
MOL006	MapObjects Windows Edition Stand-Alone Additional Deployments - 25 Pack
MOL008	MapObjects Windows Limited Deployment Site License Kit
MOL010	MapObjects Windows Edition Additional Developer License
MOL011	MapObjects Windows Edition Internet Developer Kit Includes 2 MapObjects Java Licenses & 2 ArcIMS Deveroper Licenses & 1 ArcIMS Server CPU Deployment
MOS035	MapObjects Internet Deployment License Upgrade

SERVER GIS

Part #	Product Description (descriptions of these products can be found at www.esri.com/products)
GIS1700	ArcGIS Server License (up to 4 CPUs) Includes ArcSDE, 2 Developer Licenses
GIS1705	ArcGIS Server Additional CPU (on a licensed server)
AI276	ArcIMS Server/CPU License Internet Deployment License for 1 Server and 2 CPUs & 1 ArcIMS Software
AI205	ArcIMS Standard Edition Add'l CPU License ArcIMS Internet Deployment License for CPU on Server Licensed for ArcIMS
AI210	ArcIMS Additional Development License
AI500	ArcIMS Route Server License for one Server/2 CPUs
AI505	ArcIMS Route Server Additional CPU License
GIS2104	ArcGIS Image Server Deployment License (up to 4 cores)

MOBILE GIS

(***Note***: No new licenses of ArcPad or ArcPad Application Builder are available under the current Enterprise License Agreement. To purchase these products or upgrade previously purchased mobile products, please contact Peggy Napoleon: mnapoleon@esri.com or 888.377.4575 ext. 1993)

ESRI VIRTUAL CAMPUS ONLINE TRAINING

ESRI Virtual Campus offers several different types of training, each suited to a unique learning style.

Format	Description	Duration	Price	Award
Course**	A set of self-paced learning modules which consists of concepts, examples, hands-on exercises, challenges, and exams. For many courses, you can try the first module for free.	2 to 30 hours (self paced)	None (if acquired through ELA Order)	Certificate (PDF)
Workshop**	A recording of our live training seminars, viewable at your convenience, plus printable slides of the presentation, a hands-on exercise, and an exam.	4 hours (self-paced)	None (if acquired through ELA Order)	Certificate (PDF)
Live Training Seminar	A live presentation, software demonstration, and question and answer session with an ESRI technical expert. They are designed for those who want GIS training on a focused topic presented at a scheduled time.	1 hour (scheduled)	FREE (enroll online)	None
Training Seminar	A recording of our live training seminars, viewable at your convenience.	1 hour	FREE (enroll online)	None

Order **courses and workshops just as you would order ELA software licenses.   Indicate the quantity, part # (if applicable) and title on the ELA Order Form.   Once activated, a student has 12 months in which to complete the course or workshop.

Part #	Type	Product Description
N/A	Workshop	Basics of the Geodatabase Data Model
AVC-32105	Course	Creating & Editing Geodatabase Features with ArcGIS Desktop (for Arc Editor & ArcInfo)
AVC-32107	Course	Creating & Editing Geodatabase Topology with ArcGIS Desktop (for Arc Editor & ArcInfo)
AVC-32108	Course	Creating & Editing Labels and Annotation
AVC-32111	Course	Creating & Integrating Data for Natural Resources Applications
AVC-32112	Course	Creating & Managing Metadata using ArcGIS Desktop
AVC-32115	Course	Creating, Editing & Managing Geodatabases for ArcGIS Desktop
AVC-32117	Course	Customizing ArcGIS Desktop
AVC-32118	Course	Customizing ArcIMS
AVC-32119	Workshop	Customizing ArcMap: Easy Ways to Extend the Interface
AVC-32120	Workshop	Customizing ArcPad
AVC-32121	Course	Geocoding with ArcGIS Desktop
AVC-32122	Course	Geoprocessing with ArcGIS Desktop

Part #	Type	Product Description
AVC-32123	Course	Georeferencing Rasters in ArcGIS
N/A (new)	Course	HAZUS-MH Flood Model Output and Applications
N/A (new)	Course	Integrating User-supplied Hazard Data into the HAZUS-MH Flood Model
N/A (new)	Course	Introduction to the HAZUS-MH Comprehensive Data Management System
AVC-32129	Course	Introduction to Urban & Regional Planning using ArcGIS 9
N/A (new)	Course	Introduction to Using HAZUS-MH for Earthquake Loss Estimation
N/A (new)	Course	Introduction to Using HAZUS-MH for Hurricane Loss Estimation
N/A (new)	Course	Introduction to Using HAZUS-MH to Assess Losses from a Riverine Flood Hazard
AVC-32137	Course	Learning ArcGIS 3D Analyst
N/A	Course	Learning ArcGIS Desktop
AVC-32138	Course	Learning ArcGIS Spatial Analyst
AVC-32139	Course	Learning ArcIMS
AVC-32130	Course	Leaning Visual Basic for Applications for New ArcGIS Developers
AVC-32140	Course	Linear Referencing with ArcGIS Desktop
AVC-32141	Course	Managing Lidar Data in ArcGIS
AVC-32142	Workshop	The 15 Minute Map: Creating a Basic Map in ArcMap
AVC-32143	Workshop	Understanding Branching and Looping in VBA
AVC-32144	Workshop	Understanding GIS Queries
AVC-32145	Course	Understanding Map Projections and Coordinate Systems
AVC-32146	Workshop	Using ArcCatalog: Tips and Tricks
AVC-32147	Course	Using Lidar Data in ArcGIS
AVC-32149	Workshop	Working with Forms in VBA
AVC-32150	Workshop	Working with Geodatabase Subtypes and Domains
AVC-32151	Workshop	Working with Map Topology in ArcGIS
AVC-32153	Course	Working with Rasters in ArcGIS Desktop
AVC-32155	Workshop	Working with Variables and Functions in VBA
